

# Jazzy 1113 and 1113 ATS

## PORTABLE

The Jazzy® 1113 offers you everything you need—all of the “big chair” options and accessories, even full rehab capabilities—on the most compact frame available. You’ll take on tight spaces and narrow hallways without sacrificing a strong outdoor performance never before seen in a chair of this size.

For sharp ramp transitions as well as a smooth and stable ride even over exceptionally rough and uneven terrain, the Jazzy 1113 ATS is equipped with Active-Trac® Suspension. As an added plus, both the Jazzy 1113 and 1113 ATS fully disassemble for transport.

Jazzy 1113 shown in Candy Apple Red with Gray contoured high-back seat, foot platform and PG VSI controller.
